

13th January 2017

And the winner is...

...Griffin! Congratulations to the members of Griffin house on winning the House Point Challenge for the Autumn Term; all enjoying an extra Christmas treat. The house points for this term are already clocking up!

Aeronautics Report by Jazmine and Phoebe Year 6

In December, Year 6 attended the world's largest Cool Aeronautics STEM (Science, Technology, Engineering, and Mathematics) event at

The Fleet Air Arm Museum. It was the 150th Anniversary of the Royal Aeronautical Society. Cool Aeronautics introduced us to the fascinating world of flying, aeronautical engineering and space, with aerospace based activities and challenges including a space drop where we made a parachute to transport models of Tim Peake and his clay experiments to the ground.

Residential Meetings

Parents of children currently in Years 4 and Year 5: please remember the Residential Meetings planned for next week: **Monday 16th at 3.30pm for Year 5 parents (Bude), Thursday 19th at 3.30pm for Year 4 parents (Pinkery).**

Forgotten Kits

So as to reinforce our message of *'taking responsibility'* and to avoid dragging parents away from work; we will not be phoning parents of children with forgotten sports kits to bring them in. Wherever possible children will still participate in the sporting event.

Mobile Library

Once again I am grateful to the Mobile Library Service for agreeing to bring their library to the school site. The Mobile Library will be visiting us each Wednesday afternoon from 3.00pm onwards on the Infant site. There will be plenty of time for Junior children to visit the library after school.

Volunteer Required

We are looking for a parent volunteer who would be able to assist with our swimming sessions on Thursday afternoons. If you think you may be able to help with this then please let us know. Your help as always would be greatly appreciated.
