Road Safety

I am delighted that concerted campaigning has brought about the introduction of speedbumps outside school. We still urgently require a crossing patrol; do please contact school should you be able to help on either morning or afternoon sessions. Please keep children with you as you approach the crossings and encourage good road safety for all.

New toilets for Reception

As part of our continued program of school improvements the Reception toilets were overhauled during the half term holiday. The children especially love the 'robot' driers which should help us in our hand washing efforts too! We hope to undertake the next phase of the toilet refurbishment plan later on this year.
