Water all around

It feels like there has been no shortage of water coming out of the sky these last few weeks and perhaps we have ourselves to blame with our chosen topic of water. Children in Year 3/4 finished their learning on this area today with a visit from WaterAid UK and raised £70 which will be doubled by the government. Moreover, they have learnt a great deal about this precious resource and how to look after it best.

E-Safety

Safer Internet Day will take place this year on the 6th February. Resources to support parents and children in this important area of learning will be linked through our website from Monday 5th February. Please help us help your children to stay safe by sharing these materials with your children at home.

Parent Parliament: Religious Education and Collective Worship

The next Parent Parliament session will be held on 21st February at 6pm. This session for parents from both the infants and the juniors will be held at the infant site.

Nits!

Half term is just around the corner and as ever we need all parents to check their children's hair. Check out www.nhs.uk/conditions/head-lice-and-nits/treatment/ for cost effective control of this persistent pest.

Staff News

This term we have welcomed Mrs Katie Huggins, Mrs Kate Willes and Mrs Emma Nicholson to our staff team; we are delighted that they have joined us! I am also pleased to inform you that Mr Joseph Marriott and Mr Dominic Coss have joined the governing body.

Start of School day

This morning at the junior site there were over forty children on site before the doors were unlocked at 8:40am. Registration is not until 8:55am so there is no reason for children to be on site before 8:40; please do not allow your children to come to school before this time.

Chillympics

Last week saw the culmination of work from years 5 and 6 as they held their Chillympics event. Children from years 3 and 4 enjoyed a variety of activities all of which were expertly organized, risk assessed and coordinated by the older children. Well done to them for putting on such a fantastic event.
